

Date: 04/24/2015

Reference: British Columbia CRN requirements

To whom it may concern,

Per Canadian TSSA, if the design of a fitting is a Category B (flange/all flanges) it is exempt from registration in British Columbia.

Regards,

A handwritten signature in blue ink, appearing to read 'Eric Beson', with a long horizontal flourish extending to the right.

Eric Beson  
Quality Assurance Manager
